

WE Want YOUR TRADE!

We have the best line of Farm Implements, Wagons, Buggies, Surreys, and wagon and buggy Harness. Our goods are the best and our prices are as low as the lowest.

I planted one hundred and twenty-five acres of corn with my Hoosier Corn Planter. It runs light, works perfectly. It is strong, and I consider it as good as any planter on the market. A. E. HILL, Ben. P. O.

I have worn out several good makes of corn planters and consider my Hoosier the best I have ever used. Light draft and perfect drop. S. P. PERRY, Bigbyville.

MITCHELL WAGON LEAD.

Is a full neck ahead of any wagon on this market.

Prices are right on Field Seeds.

Satterfield & Dodson.

OUR CORRESPONDENTS.

(Continued from Third Page.)

NEAR SMYRNA.

NEAR SMYRNA, Jan. 30.—After being ill for several weeks, "Dew Drop" will endeavor to drop a few lines to the old Herald, which makes its visits to our home once a week and is always highly appreciated. Sickness has been abundant in this community. There has been a case of grip at nearly every house, and some places were almost like unto a hospital. We are glad to note all on the mend, with the exceptions of Miss Nannie Fair. She continues very low with fever. Mrs. Mollie Craig spent a few days with relatives and friends at Match recently. Mrs. D. K. Minor visited her sister, Mrs. W. W. Johnson, near Columbia, last week. Mrs. Inez Dooley attended the Smith-Allen wedding near Columbia last Thursday. Miss Annie Dooley, of this place, is boarding at Dr. Baxter's and attending school at Harrison's Mills. Mr. and Mrs. Dan Williams, of Call, gave the young people an enjoyable singing Saturday night. With kind regards to the Herald and its many readers, I will desist. DEW DROP.

Garwood's Sarsaparilla—for the blood—guaranteed to cure. A. B. RAINE.

BURWOOD.

BURWOOD, Jan. 28.—We have been having plenty of rain, and it has almost rendered the road impassable. The health of the community is very good at present. A few are complaining of the grippe. We were very much shocked at the death of Mr. A. J. Crowson, which occurred the 25th. His remains were laid to rest at the Barker grave-yard. He leaves a wife and two children, with a host of friends, to mourn his departure. A few of the young people from Carter's Creek and other places "stormed" Mrs. Wm. Venable with a candy breaking one night last week. Mrs. J. W. Elmore is visiting her mother, Mrs. A. J. Crowson, of Franklin. Miss Mattie Jones, of Santa Fe, is the guest of her sisters, Mrs. W. E. Pope and Mrs. C. S. Akin. We now have telephone wires stretched from Franklin to this place. OLD MAID.

Don't wreck a life! From girlhood to womanhood, girls should use Simmons Squaw Vine Wine or Tablets. If

QUALITY CREEK.

QUALITY CREEK, Jan. 29.—Rev. Dale filled his appointment at Ebenezer last Sunday, an unusually large crowd being present. Mr. H. B. Hannah, who has been quite sick with the grippe, we are glad to report improving. Mr. Frank Morrow moved into his new house last week. Mr. Patton, of near Spencer's Hill, is quite sick at this writing. Mr. Bill Eakin, our thriving merchant, has returned from Nashville, where he has been to purchase a new lot of goods. Rev. Harris will preach at Spencer Hill the first Sunday in February. Mrs. Sallie Calvert, who has been with her daughter, Mrs. Mary Hannah,

CULLEOKA.

CULLEOKA, TENN., February 1, 1899.—Misses Sue Wilkes and Sallie Smiser leave for Florida to-day. Miss Sallie expects to be gone but about two weeks, while Miss Sue intends to linger in the "Land of Flowers" until May. Charley and Joe Ingram have gone to Bell Buckle to enter the Webb school. Miss Lillian Tomlinson and Katie Henderson, accompanied by Flen Thomas and Alf Fleming, attended the Brannan-Tate wedding at Lenoirville. Flo Fleming is boarding at Mr. Jonas Amis', and is in school under Mr. Graham.

The dog mania has struck our town. Many dogs have been killed during the recent mad-dog scare, but we guess there are plenty to take their places. Dr. Covey and Miss Lena went on extreme; one has a Newfoundland and the other has a pug terrier about as big as a minute. Miss Lillian Love's spitz named "Jack Frost" is the acknowledged beauty. There are others, but these are the most interesting.

There has been more sickness in Culleoka the past month than ever before. Hardly a family has escaped having two or more sick ones. Colds and the grippe have been the principal complaints. Several have had a breaking out just like measles, but not quite so serious. Miss Louie Tomlinson was among the sick, and was out of school for a week, as was her little pupils, Jane Henderson and Eliza Ballantyne.

Regardless of the inclement weather there was a good attendance at every service during the Baptist Association at Friendship.

We are glad to hear that little Carl Tomlinson is recovering from his severe illness.

One of the children of Tom Crews, colored, was badly burned one day last week. Left alone with the smaller children, she tried to light a lamp at the stove and her clothes caught fire, and she was almost fatally burned before her screams brought help. This same family recently had everything they had burned through the ignorant carelessness of one of the children.

J. B. Tomlinson, Administrator of Burt Taylor's estate, has issued notice for a sale on Feb. 21, of some farming implements, mules, span of mares, forty-seven head of fine grazing cattle, hogs, etc.

Mrs. J. L. Moore spent part of last week in Nashville. To-day is the wedding day of Miss Mary Clara, of Bell Buckle, and Mr. W. A. Webb, of North Carolina. They are both known here, and all wish them much happiness.

Miss Tera Taylor, of Wind ester, is teaching in Moore Institute, and boarding with Mrs. Abernathy. BARBARA.

There is nothing mysterious in the wonderful cures effected by Dr. Sawyer's Wild Cherry and Tar. You get the benefit of an eminent physician's prescription for all throat and lung diseases. A. B. RAINE, Columbia, Tenn.

SOUTHPORT.

SOUTHPORT, Jan. 31.—This cold, snowy day I will try to write what few items I have gathered. It has been so cold and snowy I have not gathered many items, but have stayed in the house and hovered over the fire. Brother Anthony Derryberry preached at Bethel the fourth Sunday in this month.

Miss Mary Hodges, of Columbia, is visiting here, Mrs. Nannie Harris. Mr. Bob Murphy lost a good filly of blind staggers last week.

Misses Sallie and Bessie Friel, of Columbia, are visiting Mrs. Phelps this week.

Messrs. Manford Rea and Felix Lovell left for Texas the 30th of this month.

Miss Verge Hill, of Stagsville, is spending several weeks visiting friends and relatives at this place.

Mr. Tom Murphy has lost a nice filly with blind staggers.

Mr. and Mrs. John Tice, of Lawrence County, are visiting Mrs. Tice.

Mrs. Bob Overstreet. LUCILLE.

Farmers, Farmers!

The City Grain & Feed Co., guarantee you the highest market price for your crop of new corn. See them.

ENTERPRISE.

ENTERPRISE, Jan. 30.—The infant of Mr. and Mrs. John Davis died last Saturday, and was buried Sunday. Mr. W. A. Burnett has purchased the Edward Wiltshire farm at this place. Mr. and Mrs. Jeff Barnett and son Bascom were in Nashville several days last week.

Miss Susie Nelson visiting relatives on Quality Creek since my last.

Misses Ada Murphy and Mattie Lague were with Mrs. John Snead on Dry Creek last week. TIP-TOE.

Sacrificed to Blood Poison.

Those who have never had Blood Poison can not know what a desperate condition it can produce. This terrible disease which the doctors are totally unable to cure, is communicated from one generation to another, inflicting its taint upon countless innocent ones.

Some years ago I was inoculated with poison by a nurse who infected my babe with blood taint. The little one was unequal to the struggle, and its life was yielded up to the fearful poison. For six long years I suffered untold misery. I was covered with sores and ulcers from head to foot, and no language can express my feelings of sorrow during those long years. I had the best medical treatment. Several physicians successively treated me, but all to no purpose. The mercury and potash seemed to add fuel to the awful flame which was devouring me. I was advised by friends who had seen wonderful cures made by it, to try Swift's Specific. I got two bottles, and I felt once again revive in my breast—hope for health and happiness again. I improved from the start, and a complete and perfect cure was the result. S. S. S. is the only blood remedy which reaches desperate cases.

Of the many blood remedies, S. S. S. is the only one which can reach deep-seated, violent cases. It never fails to cure perfectly and permanently the most desperate cases, which are beyond the reach of other remedies.

S.S.S. For the Blood

is PURELY VEGETABLE, and is the only blood remedy guaranteed to contain no mercury, potash, or other mineral. Valuable books mailed free by Swift Specific Company, Atlanta, Georgia.

MAPLE GROVE.

MAPLE GROVE, Feb. 1.—Mr. and Mrs. Wm. Morrow and Mrs. Jim Morrow visited their sister, Mrs. Dugger, of Weakby, who is very sick, last week.

The school at this place, which was under the supervision of Prof. W. O. Brooks, of Cathey's Creek, closed last Saturday.

Mrs. John Bailey, we are glad to report, is improving rapidly from the grip.

There are many cases of grip in this neighborhood now.

Mr. Carter, of Weakby, was the guest of his daughter, Mrs. Willie Murphy, last week.

Mr. Nolis Morrow and sister, Miss Sula, spent Sunday and Sunday with their aunt, Mrs. Dave McKissick, of this place.

The roads are in a bad condition now, on account of so much rain.

Master Dayton Murphy, of Southport, is spending the week with his sister, Mrs. Matt Holt. BILLY.

Dr. Sawyer's Little White Awake Pills give purity of body and vigor of thought by perfectly regulating the bowels, and cure biliousness, inactive liver and constipation. A. B. RAINE, Columbia, Tenn.

Farmers, Farmers!

The City Grain & Feed Co., will buy your corn in the ear on cars at any station.

MELANGE.

Nonsense and News, Odds and Ends, Wise and Otherwise.

John, Harry, Howard and Frank Summers, four brothers of Canal Dover, Ohio, married respectively Amanda, Ethel, Helen and Arabelle Hochstetter, four sisters, on New Year's day. The bridegrooms are all farmers and the bride's are a farmer's daughters.

"Never mind who was your grandfather; what are you?" The man who has nothing to boast of but his good ancestors is like a potato; all that is good of him is under ground." So said an author, long since under ground himself.

The talent of success is nothing more than doing what you can do well, and doing well whatever you do, without a thought of fame.—Longfellow.

A family in Nebraska is slowly dying from the effects of trichinae, contracted from a diseased hog, insufficiently cooked. It seems too horrible that human beings should have to die by inches, as it were, without any relief, but that disease is beyond human skill.

An ex-soldier, who had lost a leg in the war, and was tired waiting for his pension, wrote to headquarters at Washington:

"If you won't send me my pension, won't you please send me a wooden leg, so I kin git about? The leg I lost was a how-leg, on the left side, and had three corns on the three little toes. So now, you can't go wrong in makin' a new one!"

A schoolmaster had been giving a lesson on physical force. "Boys," said he, "can any one of you tell me what force is that moves people along—for example, in the street?"

"Please, sir," replied the first boy, "it's the police force!"—Tit-Bits.

A two or three weeks' course of Dr. M. A. Simmons' Liver Medicine will so regulate the excretory functions that they will operate without any aid whatever.

REAL ESTATE TRANSFERS.

Columbia Lodge No. 3 I. O. O. F. to J. M. Allen, half interest in wall, \$400.12.

STUDY THE EARTH.

Work of the International Geodetic Association.

Prime Object of Conference at Stuttgart was Measurement of Earth—Peculiarity of New Alloy of Nickel and Steel.

The work of the International Geodetic association at its Stuttgart conference, which is expected to bear fruit of far-reaching importance to the scientific world is announced by Mr. E. D. Preston, of the United States coast and geodetic survey, who represented this government there and who has just returned to Washington. Little publicity was given the proceedings of the conference, but an interesting report now is about to be made by Mr. Preston. The prime object of the conference was the measurement of the earth, and action was taken for the measurement of an arc at the equator. This taken in conjunction with the measurement of an arc near the pole under way by the Swedes and Russians, will throw new light on the flattening of the earth. The comparison of the two measures will make it possible to determine how much shorter the polar diameter is than the equatorial, a knowledge of which is important both in the making of maps of great extent and in the solution of many astronomical problems.

An account of a new alloy of nickel and steel was laid before the conference. The international bureau of weights and measures at Paris has found that when a bar consists of 36 per cent. nickel and 64 per cent. steel the expansion from heat is only 1.50 of what we should expect from the individual components. This discovery has great importance in the construction of astronomical clocks or in fact of any clocks since the effect will be to practically eliminate the temperature question which has thus far been the great difficulty in obtaining a uniform rate in timepieces. Nineteen countries belong to the association, of which 13 were represented at the Stuttgart meeting.

Seventy years ago some learned men in Germany formed an association to give impulse to the awakening interest in the size and shape of the earth. From this beginning the society has steadily grown in importance. After having become national in the land of its birth—in 1880—it was merged into an international convention in which the principal nations of the globe were represented and now stands as the world's authority on the ways and means of determining the earth's figure. The next meeting will be in Paris in 1900.

The purity of the baking powder named "Perfect" is a guarantee against shallow complacencies caused by indigestion. 1-20-3m

VICK'S SEEDS

Bulls and Plants have gone to thousands of satisfied customers for half a century, and to celebrate the 50th year in business we have issued a Golden Wedding edition of

Vick's Garden and Floral Guide

which is a work of art. 24 pages lithographed in colors, 4 pages sewn-in, nearly 100 pages filled with handsome half-tone illustrations of 21-vegs, Vegetables, Fruits, Flowers, etc., elegantly bound in white and gold. A marvel in catalogue making, an authority on all subjects pertaining to the garden, with care for the same, and a descriptive catalogue of all that is desirable. It is too expensive to 2-vegs to 2-vegs to 2-vegs, but we want everyone interested in a good garden to have a copy, therefore we will send the Guide and all for DUE BILLS for 25c, worth of seed! 15 cts. It tells how credit is given for Full Amount of purchase to buy other goods.

Vick's Little Gem Catalogue...

A perfect little gem of a price list. It is simply the Guide condensed, fully illustrated, and in handy shape, making it convenient for reference. FREE

Vicks Illustrated Monthly Magazine

Enlarged, improved, and up-to-date on all subjects relating to Gardening, Horticulture, etc. 30 cents a year. Special 1899 offer—the Magazine one year, and the Guide for 25 cents.

See new plan of selling Vegetable Seeds gives you more for your money than any seed house in America.
